

MetaECHO™ 2017

Infinite Possibilities

September 13-16, 2017

Albuquerque, New Mexico

#MetaECHO2017

Research Symposium

Wednesday, September 13, 2017

9am-5pm

Hyatt Regency Albuquerque

This Symposium is for any ECHO partners interested in or currently conducting research, evaluation and/or quality improvement on their ECHO programs, as well as those interested in using harmonized metrics for joint ECHO research. The day will be facilitated by ECHO Ontario (with representation from the University of Toronto and CAMH.)

Goals:

- To create a network of people interested in Project ECHO research, quality improvement, and evaluation
- To share best-practices and models of research
- To create strategic goals for advancing Project ECHO-related research

Agenda:

- Morning: focus on the US Federally Sponsored ECHO Act and harmonized metrics
- Networking lunch
- Afternoon: focus on partner research and/or evaluation presentations with discussion and commentary by colleagues with research expertise

Additional Information:

- Attending the Research Symposium precludes attending the GE Pre-Conference Leadership Training sessions since the event time overlaps.
- Information presented at the Research Symposium can be the same as displayed in the conference Poster Session and/or conference Partner Presentation session.
- Research Symposium [Abstract Submission Form](#) (DEADLINE: AUGUST 10, 2017)
- Contact metaechoconference@salud.unm.edu with any questions.
